

## PRODUCT NEWS

### LED Headlight

The ri-focus LED headlight from Riester USA provides bright white illumination closer to sunlight, using high-performance, 140-lumen lamps that consume less energy and generate less heat than other lamps, according to the company. The headband-mounted battery pack accommodates lithium, alkaline, or rechargeable batteries and features a built-in recharging jack. Battery life ranges from 90 minutes to four hours, and the LED lamp is designed for a service life of 50,000 hours.

For information, contact Riester America, 10414 Gulfdale Drive, San Antonio, TX 78216. (210) 366-0423; www.riesterusa.com.

### Disposable Wipes

Defend+Plus Disinfecting/Deodorizing/Cleaning Wipes are now available in a larger 10" x 10" size in canisters of 60 wipes. The EPA-registered, hospital-grade disinfectant formula effectively kills a wide variety of pathogens, including the MRSA bacterium and the hepatitis, herpes simplex, influenza, and HIV-1 viruses, according to the manufacturer.

For more information, contact Mydent International, 80 Suffolk Court, Hauppauge, NY 11788. (800) 275-0020; www.defend.com.

### Disposable Articulators

The MainStay Disposable Articulator System requires no model formers or gypsum bases and is especially suitable for scanning, according to the manufacturer. Flat tray surfaces are designed to accommodate dies and models without interference from raised edges; the durable hinges adjust to any occlusal relationship. Full-arch, anterior, and quadrant pin trays and quadrant pinless trays are available.

For more information, contact Whip Mix Corporation, 361 Farmington Ave., Louisville, KY 40209. (800) 626-5651; www.whipmix.com.

### Intraoral Scanner

The 3Shape TRIOS powder-free digital intraoral scanner is part of a complete CAD/CAM system for orthodontic treatment planning and appliance design. The system allows standard or natural-color scanning with live, three-dimensional visualization using a rotatable pistol-grip wand and a touch-screen display. Its Ortho Analyzer software integrates with leading patient-management systems, according to the company.
