

PRODUCT NEWS

Intraoral Scanner

The Medit i700 Intraoral Scanner can capture up to 70 frames per second, collecting more data per pass and thus producing a quick scan with crisp images and realistic colors, according to the manufacturer. The lightweight scanner can be directly connected to a PC using a power cable. Other features include 180° reversible tips, remote control mode, and UV-C LED disinfection capability.

For more information, contact Novadontics, 4710 Ruffner St., Suite B, San Diego, CA 92111. (888) 838-6682; www.novadontics.com.

Prebiotic Toothpaste

Developed to nourish and balance the oral microbiome, Revitin toothpaste contains ingredients such as vitamic C, calcium carbonate, and coenzyme Q10. The toothpaste was created by a biologic restorative dentist, Dr. Gerry Curatola, to foster oral health, freshen breath, promote an alkaline pH, and reduce the likelihood of gum disease, according to the company.

For more information, contact Revitin, 300 Park Ave., Suite 13117, New York, NY 10022. (844) 250-3600; www.revitin.com.

Topical Anesthetic Gel

HurriCaine topical anesthetic gel is a convenient way to ease mouth pain and irritation from orthodontic appliances, canker sores, or dentures, according to the company. Available in individually wrapped doses with a single-use swab or in a prefilled syringe with plastic irrigation tip, the gel comes in five flavors: wild cherry, piña colada, fresh mint, watermelon, and strawberry.

For more information, contact Beutlich Pharmaceuticals, 7775 S. U.S. Highway 1, Suite H, Bunnell, FL 32110. (800) 238-8542; www.beutlich.com.

3D Printer

Featuring 49-micron pixels and a 4.5cm-per-hour print capacity, the SOL LCD 3D printer provides three times the speed of standard SLA printers and five times the UV power of previous models, according to the manufacturer. The printer also offers touch-screen operation, a fail-safe vat frame, and bundled AI software with more than 100 pre-calibrated resin profiles.
