2023 JCO Orthodontic Practice Study

Economics and Practice Administration

Thank you for participating in this comprehensive study of orthodontic practice. Please make every effort to complete all portions of this questionnaire. If there is more than one orthodontist in your practice, file only one questionnaire for the practice.

As thanks for participating, please enter the drawing for a free lifetime JCO subscription at the end of the survey by providing your contact information. Be warned, we will throw out responses that clearly did not attempt to answer the other questions so as to get to the end and enter the drawing.

NOTE: Only complete this questionnaire if you are in a private specialty practice of orthodontics in the United States. Please don't attempt to win the lifetime subscription by trying to trick us into thinking your response comes from a United States-based practice. Under no circumstances will a lifetime subscription go to someone with a practice outside the U.S.

Please complete the questionnaire by May 31, 2023.

We are pleased to have the aid of <u>Cloud9</u>, <u>Dolphin</u>, <u>Ortho2</u>, and <u>topsOrtho</u>. We highly recommend that you click on the name of your software provider to get instructions for completing the practice activity section of your questionnaire utilizing the software.

- If you wish, <u>download a PDF version</u> of the questionnaire to see what information will be requested.
- You may partially complete the questionnaire and come back to it later <u>as long as you use the same computer</u>. To prevent accidental or intentional multiple responses, the questionnaire can be submitted only once from a single computer.
- At the end of the questionnaire, you will have a chance to make general comments or clarify a response. However, once you have hit the "Done!" button, you will not be able to go back into the questionnaire
- Paper forms are also available by request from surveys@jco-online.com. You will be able to mail the form back to us anonymously, and we will enter the data for you.

As with all previous JCO Practice Studies, your answers are completely confidential, whether submitted online or mailed to us. You will need to provide contact information if you chose to participate in the drawing for a lifetime subscription but we will separate that information from the rest of your answers. Results of the Study will be published in print and online later in 2021.

Thank you for participating in the 2023 JCO Orthodontic Practice Study. Send general questions to $\underline{surveys@jco-online.com}$.

Staff Information (continued)

* 62. Number and type of <u>full-time</u> employees in your practice:

If an employee works in more than one position, enter a fractional (decimal) number in each appropriate box. For example, if an employee works approximately equal time as a Chairside assistant, New-patient coordinator, and Treatment coordinator, enter ".33" in each box. Enter "0" if no employees fit the category. Your answer should add up to {{ Q56 }} (answer you provided for number of full-time employees).

| Receptionist/secretary |
|-------------------------|
| |
| Chairside assistant |
| |
| Laboratory technician |
| |
| Dental hygienist |
| |
| New-patient coordinator |
| |
| Treatment coordinator |
| |
| Business manager |
| |
| Bookkeeper |
| |
| Office manager |
| |
| Non-owner orthodontist |
| |

63. Number and type of <u>part-time</u> employees in your practice:

For an employee with more than one position, split their number between categories. For example, if an employee covers three types, enter "0.33" in each box. Enter "0" if no employees fit the category. Your answers should add up to {{ Q60 }} (answer you provided for number of part-time employees).

| Receptionist/secretary |
|-------------------------|
| |
| Chairside assistant |
| |
| Laboratory technician |
| |
| Dental hygienist |
| |
| New-patient coordinator |
| |
| Treatment coordinator |
| |
| Business manager |
| |
| Bookkeeper |
| |
| Office manager |
| |
| Non-owner orthodontist |
| |

| Thank You! |
