

PRODUCT NEWS

Photo Software

PhotoAlign Studio photo-editing software is designed to help dental professionals efficiently manage and edit clinical images, especially in cases requiring multiple views. According to the company, the software enables high-quality, consistent documentation while saving treatment time. Used with PhotoPort for folder management and keyword tagging, the system allows for quick image retrieval and organization to enhance workflow and communication.

For more information, contact Dentivate, 54, 68 Bongeunsaro 30-gil, Gangnam-gu, Seoul, South Korea; www.photoalign.com.

Children's Aligners

Angel Aligner KiD is specifically designed for early orthodontic intervention in children in the mixed dentition (ages 6-11). According to the company, this flexible, all-in-one solution combines dental alignment, jaw development, and functional therapy. For many patients, the aligners are more comfortable, less noticeable, and easier to maintain than traditional metal braces.

For more information, contact Angel Aligner, 7/F, KIC Business Center Building 7, No. 500 Zhengli Road, Yangpu District, Shanghai, China. (833) 264-3562; www.angelaligner.com.

Intraoral Camera

The Acteon C20 Full HD intraoral camera allows practitioners to seamlessly photograph the patient's mouth, enabling easier diagnosis, treatment planning, and patient communication, according to the company. The camera offers a plug-and-play experience with all major imaging platforms so that users can start capturing and managing images immediately.

For more information, contact Acteon, 124 Gaither Drive #140, Mount Laurel, NJ 08054. (800) 289-6367; www.acteon-group.com.

Precoated Brackets

TPO brackets are now available with ClearVu Read-Base preapplied adhesive for convenient placement right out of the package. According to the company, the product limits the risk of contamination and reduces chairtime. Brackets can be placed easily, without drift, and minimal cleanup is required. Read-Base is available for select TPO metal and esthetic brackets.

For more information, contact TP Orthodontics, Inc., 100 Center Plaza, La Porte, IN 46350. (800) 348-8856; www.tportho.com.
